

Please join the EHCI July Membership Meeting on Wednesday, September 7th at 7:30am via Zoom.

Exploring Employer-Sponsored Health Clinics

Please join us for a thought-provoking discussion about employer-sponsored on-site or near-site health clinics and how those clinics can help employers keep their population healthier.

September's Membership Meeting presenter is Dr. Donna Milavetz, Executive Medical Director at Regence BlueCross BlueShield of Utah

Dr. Donna Milavetz became Regence BlueCross BlueShield of Utah's Executive Medical Director in early 2022. She has 20 years of clinical experience in internal medicine and holds a master's degree in public health from the University of Minnesota and trained at one of Harvard University's teaching hospitals. Dr. Milavetz received her Doctor of Medicine from the University of Arizona College of Medicine, was on the faculty at the Mayo Clinic, and co-director of the Women's Heart Clinic prior to joining Regence. She then went on to become the medical director of the Intermountain Healthcare McKay Dee Women's Health Center in Ogden, Utah.

After that position, she started an employer-based primary care company named OnSite Care. In 2019, she sold the company, and went on to senior executive positions with Steward Healthcare where she was responsible for running the clinical operations of its Accountable Care Organization.

Volunteerism is important to Dr. Milavetz, as she currently serves as a board member for Jewish Family Services.

If you need an invitation (or a guest invitation) or the meeting link, please contact Hilary at ehci-admin@outlook.com
